It has often been said that the road to long term financial freedom is based on your ability to generate residual income. Income that you continue to collect after the initial effort has been expended. By sharing in actual company dollars, directly related to the agents that are in your network you can quickly build multiple streams of income. Bonus revenue which you will collect over and over again for the effort you expend today.

You will collect a monthly residual income bonus of 5% of the total gross commissions generated by all the agents you are sponsoring\* and 2% of the total gross commissions of the agents you are co-sponsoring\*.

\*sponsored agent - directly introduced to the company by you  
\*co-sponsored - introduced to the company by a sponsored agent

This program will give every agent the opportunity to financially share in the growth of the company. You will be paid on actual gross company dollars generated, not just a small portion of profit sharing. Simply put, the road to financial freedom may be a phone call away. Call us today!
